

Complete solar solution kit: It has everything you need for efficient solar power generation: the 130W Folding Monocrystalline Solar Panel, 10A MPPT Bluetooth Solar Regulator, Anderson & Crocodile Clip Connections, and a Protective Carry Case.

[Increase 30% power generation] Upgrade from 100W to 130W, increase power generation by ...

Our top-performing A-grade monocrystalline solar cells boast an impressive efficiency rate of 23.5%, ensuring maximum power output. With advanced auto-optimization function, charging your device has never been smoother. Our 130W solar panel is built to withstand harsh conditions, thanks to its tempered glass coating and aluminum frame. Plus ...

The MSC 130W SunPower Folding Solar Charger combines portability with high power outputs. These 22% efficient 130W 19v/6A solar charger panels can directly charge any phone, UAV, Drone, power bank, 12v Batteries or 19v Devices.

130W Solar Panel. This Solar Panel is the 3rd panel I have bought from this Company, after first buying 2 Panels which exceeded my expectation. The Panels are of good build quality, the power output from the panels is far better than the panels that they replaced. The Panels were very good value, as bought on a Promo.

This high-efficiency semi-flexible 130W solar panel kit is perfect for permanent outdoor use to provide free electricity for charging 12V batteries to power various applications, such as in a motorhome, caravan, camper, boat, or for solar lighting ...

This high-efficiency semi-flexible 130W solar panel kit is perfect for permanent outdoor use to ...

This Powertech 12V Folding Solar Panel provides an extra 10W of power compared to older designs with the same physical size, which means you can charge your batteries more efficiently without having to lug around larger panels. This product includes two 65 Watt monocrystalline solar panels that provide excellent performance under low light environments, producing 2-3% ...

Solar Panel: Produces up to 11 amps per hour. 2 x 65Watt Monocrystalline German Solar Cell Panel, collecting energy on cloudy days as well as sunny ones. Lightweight, 11.8Kg, portable and easy to store. Dimensions when packed: 620 (w) x 695 (h) x 70 (d) mm; Dimensions when set up: 1190 (w) x 445 (h) x 520 (d) mm

This high-efficiency semi-flexible 130W dual battery solar charging kit is perfect for permanent ...

The 130W panel is ideal for off grid projects from providing power for a stable lighting project, charging a battery for the more power hungry users in a caravan or boat to running lights on building signage.

[Increase 30% power generation] Upgrade from 100W to 130W, increase power generation by 30%. Generate 520Wh max per day under 4hs full sunshine. [Flexible and light] It uses advanced polymer materials, has good flexibility and is 70% lighter than traditional glass solar panels, making transportation and installation easier.

Looking for a 130W folding solar panel for ideal camping and off-grid travel? REDARC's monocrystalline portable camping solar panels are the perfect addition to any dual battery or off-road setup.

Go Power!'s 130-watt Portable Solar Kit (PSK) folding solar modules offer some of the most versatile and convenient battery charging options for those who don't want to permanently mount solar to a rooftop or want to supplement a roof top ...

This high-efficiency semi-flexible 130W dual battery solar charging kit is perfect for permanent outdoor use to provide free electricity for charging 12V batteries to power various applications, such as in a motorhome, caravan, camper, boat, or for solar lighting systems, off-grid and back up solar power systems.

Solar Panel: Produces up to 11 amps per hour. 2 x 65Watt Monocrystalline German Solar Cell Panel, collecting energy on cloudy days as well as sunny ones. Lightweight, 11.8Kg, portable and easy to store. Dimensions when ...
