

How long will the integrated power facility last in Timor-Leste?

The duration of the integrated power facility will be about 25 years, and the bid deadline is 1 May. Renewables account for only 8% of the total electricity supply in Timor-Leste, with 99% of that coming from bioenergy and 1% from solar, according to a report issued by the International Energy Agency last year.

Who is responsible for implementing a Timor-Leste project?

(1) Implementation System The competent authority of this Project is the Secretary of State for Energy Policy of "Timor-Leste", and the executive agency is the Ministry of Education. Note that the Ministry of Finance takes charge of actions for tax exemption etc. in cooperation with the Secretary of State for Energy Policy.

Can a Timor-Leste solar power plant be financed?

The tender, which was announced in February this year by state utility Eletricidade de Timor-Leste, is seeking an investor that can design, finance, operate and maintain a 72-85 MW solar power plant and a 36-43 MW battery energy project under long-term purchase agreements with the state grid in the capital city of Manatuto, the sources said.

Is there a market for roof-top solar energy systems in Timor-Leste?

Australia's Market Development Facility (MDF) and ITP Renewables conducted an assessment of the potential market for roof-top solar energy systems in Timor-Leste.

What is East Timor electrification masterplan 2025?

The overall objective of this project is to develop, for the Government of East Timor, the Electrification Masterplan 2025 of East Timor based on Renewables Energies. The East Timor Renewable Energy Electrification Plan consists on the thorough analysis of wind, solar and hydro resources (including wind measurement stations installation).

Who bids for solar IPP project in Timor-Leste?

For Timor-Leste, bidders are typically from legacy countries such as Indonesia, Portugal and People's Republic of China. For the Solar IPP project, Government of Timor-Leste represented by the Ministry of Finance has provided backstop guarantee for EDTL obligations under the Implementation Agreement.
