

What is a kapa energy power system?

**CONTACT US**      Portable & Uninterrupted Power Systems The Kapa Energie range of portable power systems and uninterrupted power systems caters to different power needs, from lightweight and portable options for outdoor activities to robust solutions for household and small business applications.

How much solar power do I need in Cape Town?

That depends on how much Electricity you are using every month. 1kWp of Solar Power in Cape Town produces between 1,400kWh and 1,700kWh per annum, depending on roof angle, technology and skill level of your Turnkey Integrator. Most households will cover their annual Electricity needs with a 1kWp to 6kWp of Solar Power.

How to install solar panels in Cape Town?

The installation of Solar Panels in Cape Town is depending on the type of roof you have. Roof tiles are generally the most expensive structures to mount Solar Panels to, while metal roofs have proven to be the fastest and cheapest. The number of Solar Panels is directly correlating to your Electricity Usage.

Does Treetops offer solar system financing in Cape Town?

Treetops offers Solar System Finance (also PV Renting) in Cape Town. For now our offering is limited to commercial, industrial and agricultural clients. However, we are actively pursuing possibilities to offer an affordable financing option for Homes and Houses, to enable everyone to benefit from Solar Power in Cape Town.

What is a Magneto portable power station?

Magneto Portable Power Stations will provide you with electricity during load-shedding, power outages, or for outdoor use where no power is available. In a nutshell, a Power Station is a potent, all-in-one battery and inverter, able to store electricity via charging, and supply it to your devices as you need it.

Which Durbanville apartments have a solar system?

SOPRA Apartments in the heart of Nova Constantia provides Tranquility with a 17.3kWp Photovoltaic System, paired with 40kWh of Lithium Battery. This PV System in Durbanville decided to reduce their Carbon Footprint and Electricity Bill with 9.5kWp of Solar Panels and 20kWh Lithium Battery.

If you're looking for the top lithium battery suppliers in Cape Town, you should consider Solar MD, Hubble Lithium, Treetops, Blue Nova Energy (Pty) Ltd, and Harvey Power. These companies have established ...
