CAP is the largest iron ore producer on the Pacific Coast, the top steel supplier to mining operations in the region, and the 3rd largest port operator in Chile. We create wellbeing and shared progress, transforming resources with Chile and the world. We aim to be a group that develops an industrial value chain based on decarbonization.

Chile's imports and exports of capacitors are projected to change in the coming years. Imports are expected to reach 164,090 kilograms by 2026, decreasing by 1% on average each year since 2021. Since 1996, imports

have increased at an annual rate of 6.8%. Exports, meanwhile, are expected to drop to 125.02 kilograms by 2026, a decrease of 31.3% ...
