Melbourne boasts some of the world's most affordable PV (photovoltaic) system installation prices, thanks to the STC rebate and the Victorian State scheme. This affordability has contributed to the widespread adoption of rooftop solar across the state.

Save up to \$2,269 on energy per year and become eco-friendly with a solar power system. Installing a rooftop solar system is a major long-term investment, but its cost is gradually decreasing as energy prices increase. You can save on energy bills and support clean, renewable energy by going solar.

We provide solar panels and solar systems throughout Melbourne and Victoria.
