

New energy battery bracket equipment price

New Energy Automotive Battery Module Aluminum Alloy Bracket, Find Details and Price about Aluminum Die Casting Flood Lighting Housing Gravity Casting from New Energy Automotive Battery Module Aluminum Alloy Bracket - Ningbo Beilun Saige Machine Co., Ltd.

This innovative tool is powered by a rechargeable battery and features a hydraulic lift mechanism that allows the user to easily raise and lower items. The Battery Lift Table is ideal for a variety of settings, including factories, warehouses, and retail stores.

This study takes a new energy vehicle as the research object, establishing a three-dimensional model of the battery box based on CATIA software, importing it into ANSYS finite element software, defines its material properties, conducts grid division, and sets boundary conditions, and then conducts static and modal analysis to obtain the stress and deformation ...
