

What is the Energy Storage Summit?

Our Summit aims to highlight the fundamental role that energy storage will play in this journey, and will strive to recognise, explore and analyse key challenges that may present themselves on the trajectory ahead. One scenario estimates Europe will reach 29.6 GWh of installed capacity by the end of 2024, marking a 72% increase YoY.

Why should you attend the Energy Storage Summit?

Over the past ten years, the Summit has gained recognition as the biggest, busiest, most informative, and best networking event in the European energy storage sector, where deals are made on site; generating efficient business for everyone who attends. workshops, an after-party, private networking dinners and much more!

Is energy storage the Green grid of the future?

The green grid of the future will have Energy Storage everywhere. Univers Energy Storage is a complete software stack that is agnostic of BESS hardware and provides you with the tools required to manage the complexity that comes with these flexible assets.

What's happening at London's Energy Storage Summit?

There is something for everyone at the Summit. one of London's most exclusive nightclubs. All delegates are invited to attend this event, hosted by Envision, on Tuesday 18 February - get ready for good vibes and a great playlist! This is an event where you are guaranteed to meet over 2000 delegates from across Europe's energy storage value chain.

How much energy storage does the EU need?

Over the next five years, the EU needs to achieve a mammoth 187 GW total installed storage capacity to keep on track. Of the 5GW currently under construction in GB, 3.5GW of this is set to come online in 2024 with pipelines continuing to expand into 2025. These are just some examples of the urgent need for energy storage deployment across Europe.

How much CO2 does the Nordic country emit a year?

In the Nordic countries, there are approximately 270 facilities that emit more than 100,000 tons of CO2 annually, resulting in a total of over 230 million tons of CO2 emissions.

Renewable Energy - United Kingdom trade shows, find and compare 104 expos, trade fairs and exhibitions to go - Reviews, Ratings, Timings, Entry Ticket Fees, Schedule, Calendar, Venue, Editions, Visitors Profile, ...

Nordic Energy Storage (NES) is an international networking event for energy experts, focusing on energy storage and sustainable battery value chain. The event is held in the growing Nordic ...

The Nordic Carbon Capture Expo is an event that highlights the increasing role of Carbon Capture, Utilization, and Storage (CCUS) in the transition to a netzero carbon economy. Leading international delegates will discuss and show the ...

Together with the Nordic research councils, Nordic Energy Research has identified Carbon Capture Utilization and Storage (CCUS) as a focus area for 2018-2021. There is every indication that CCUS must be a part of the solution for the Nordic countries to become carbon neutral by 2050. As part of this strategic focus, Nordic Energy Research joined the ...

Once commissioned and online, Ingrid will operate the system in the electricity market and monetise the assets grid is also developing projects with Locus Energy, a division of SEB Nordic Energy, to develop 196 MW of BESS, also in the SE3 and SE4 regions of Sweden.

Exhibition venue: Shanghai New International Expo Center. Exhibition area: estimated 70,000 sq.m. Exhibiting brands: estimated 1,000+ Professional visitors: expected to exceed 50,000+ Exhibition introduction: The technical development of power batteries, the fundamental energy storage and conversion devices and core components of new energy vehicles, is the key ...

The exhibition showcases everything from solar panels and inverters to energy storage and electric vehicle charging. The stage program cover important topics such as regulations, skills supply, sustainability, working conditions, and ...

The Nordic Energy Storage (NES) exhibition, focusing on energy storage and sustainable battery value chain, will take place on Friday, March 25, 2022, from 9:00 to 15:30 at Vaasa City Hall in ...
