

# Panama Photovoltaic Energy Storage Exhibition

What is a solar & energy storage event?

This event is designed to serve and advance this market by bringing together buyers and suppliers in solar and energy storage to explore business solutions, new technologies, policy initiatives, and other market factors.

What is Panama's Plan for distributed-generation PV?

The government of Panama has outlined a new strategy for distributed-generation PV. The Central American country currently has an installed distributed-generation solar capacity of 46.63 MW. Selected projects will secure five-year power purchase agreements and will have to begin commercial operation on January 1.

What is the largest PV plant in Panama?

The Sol Real project is the largest PV plant built in the Central American country to date. With seven large-scale PV projects connected to the grid last year, Panama has reached a cumulative PV capacity of 89 MW.

What is the PV Cycle Association?

The PV Cycle Association collects and recycles PV waste. Having treated more than 30,000 tons since its creation, it estimates 150,000 tons of PV modules will reach the end of their lifecycle by 2030. The Estrella Solar project will be completed in June 2018 and will be realized thanks to an investment of US\$8 million.

When will a 500MW energy storage application be released?

Publication for the application will be released in February of this year. Panama has launched a 500MW tender auction for renewables and energy storage, the first in Central America to include storage.

RE+ Centromérica is an exhibition and conference dedicated to the growing Panamanian and broader Central American solar and energy storage markets. The two-day event will feature an exhibition, conference, and education, as ...

Panama will host its first solar-plus-storage event, RE+ Centromérica, on Dec. 4 and 5 at the Panama Convention Center in Panama City. The Panamanian authorities have kicked off an...

US-based RE+ Events has revealed that it will hold a solar-plus-storage event in Panama City on Dec. 4 and 5. "RE+ Events has been expanding its portfolio internationally for several years, successfully establishing platforms for the renewable energy and clean tech industries globally," the company's director of international partnerships ...
