

This battery works great and was delivered in a timely fashion. It looks and operates exactly like the original.
Very satisfied

Our journey began 35 years ago in Prague, with a vision to revolutionize battery recycling. Today, we proudly expand our horizons, venturing into solar inverter and battery storage production ...

On December 19 th, 2016, a new Czech company, HE3DA s.r.o., based in Prague, opened an automated production line for batteries based on nanotechnology. It's claimed they are more efficient, last longer, are cheaper, weigh less and ...

Are there people here who drive a BEV or PHEV around Prague and who can share their experience of charging the car in the city? There aren't that many chargers around (judging by the map at least), yet I see quite a few EVs in the city.

Model: D5-3613H Brand: Das-Kit Applicable Bike Model: Prague (Black/White) Description: 36V 13AH, 468WH
