

What is a lithium-ion battery charging Safety Cabinet?

Justrite's Lithium-Ion battery Charging Safety Cabinet is engineered to charge and store lithium batteries safely. Made with a proprietary 9-layer ChargeGuard(TM) system that helps minimize potential losses from fire, smoke, and explosions caused by Lithium batteries. [Shop Now](#)

Which lithium ion battery cabinet should I Choose?

For safe storage (and charging) of your batteries you choose the Salvus lithium ion L2. This battery cabinet is equipped with an automatic extinguishing system, which means that any fire will be extinguished in the cabinet itself. Without causing further damage. In our webshop you will also find the Salvus lithium-ion L3 battery cabinet.

What are Lista electrical cabinets?

LISTA electrical cabinets are perfect for the safe, personal storage of battery-powered devices of all kinds. These robust all-rounders are ideal for offices and administrative functions, schools, universities and other public buildings.

The latest addition to our lithium containment portfolio, the Lithium-Ion Battery Cabinet enables safe storage of batteries with full containment in case of a thermal runaway. The cabinet exceeds all IFC24 storage standards and features casters to enable easy movement and placement of inventory anywhere in the facility to meet operational needs.
