HeiSolar offers a large selection of different styles & wide lumens range of outdoor solar ...

2024 New design SolarMax Series solar-led post-top light is going to provide a high luminous output of up to 3000lm with 100% power. It adopts a 33W high-efficiency solar panel and brand new LifePO4 battery 3.2V 36AH whose lifespan is more than 2000 cycles.

Set these outdoor solar post lights in place anywhere - along remote pathways, in housing estates, around public plazas, in parks and recreation areas. Trenching for electrical wires along a pathway can quickly become expensive. This cost can escalate rapidly if other challenges arise like rocky terrain.

The Soluxio solar light post is the most advanced and climate-friendly solution in areas without a power grid or other lighting infrastructure. By using vertically integrated solar modules and leading solar technology, the Soluxio light post provides light wherever you need it.

1. Our top pick - Sterno Home Outdoor Solar LED Street Light. The Sterno Home solar lamp post combines a vintage look with cutting-edge solar technology. This retro-inspired street lamp looks like wrought iron and has a lantern-style lamp head. It comes with four easy to assemble pieces, and the required wood or cement screws are shipped with it.

Ensure your patio, driveway, or garden is well-lit with three sources of light for extra range. Custom-tailor it to your landscape when you fill the planter below with the flower of your choice. Capable of turning on at dusk and off at dawn all by itself, you can have someone "leave the light on" without ever having to ask "someone".

Solar street lights leverage solar energy to illuminate streets and other outdoor areas, providing a cost-efficient and eco-friendly lighting solution. These lights convert solar energy into electrical energy during the day, stored in batteries and used to power LEDs at night.

HeiSolar offers a large selection of different styles & wide lumens range of outdoor solar-powered post-top lights for commercial and residential lighting applications. Elegant and simple design appearance, 360-degree beam lighting, and a zero-cost independent off-grid system effectively illuminate your leisure living areas, gardens, paths, and ...

Our outdoor solar lights are manufactured using the latest high-performance LED chipped units which can operate during both summer and winter. Our Solar street lamps can be programmed to consistently operate (from dusk until dawn) at any location in the UK so the area can remain safe while conserving energy.

?? DECORATIVE ? You can use these Solar Street Light Post in the front/ backyard, along driveway, walkway, sidewalk, around your patio or porch.
