

What are the terms & conditions for premium solar?

Terms and Conditions are aimed at providing protection for all parties and also to provide guidance in the unlikely event of a dispute. Whilst the print may be fine, the customer protections offered by Premium Solar, exceed most if not all other offerings.

What is a solar service contract?

As solar installations become increasingly popular, it is essential to establish clear and comprehensive agreements between service providers and customers. This is where solar service contracts play a vital role. The solar industry revolves around the installation, maintenance, and operation of solar power systems.

What is the agreement between the customer and premium solar?

The Customer and Premium Solar acknowledge and agree that risk and title in the components and equipment comprising the Solar PV System shall pass to the Customer upon the Solar PV System being unloaded at the Site. The Agreement may only be amended by agreement in writing between the parties.

Can a solar service contract include maintenance and Repair Provisions?

Yes, a solar service contract can include provisions for system maintenance and repair to ensure the ongoing performance and longevity of the solar power system. Considerations for including maintenance and repair provisions in a solar service contract may include:

What are the rights of a solar service provider?

Suspension of Services: The service provider may have the right to suspend services or limit access to the solar power system until outstanding payments are settled. **Termination:** In severe cases of non-payment, the service provider may have the right to terminate the contract after providing proper notice to the customer.

What is a solar services agreement?

It outlines the scope of service offered, financial aspects that the client is responsible for, along with estimated cost savings so that the client knows the benefits of the service. Use a solar services agreement to ensure that you know exactly what your responsibilities are when buying solar energy.
