

Case T-678/20: Judgment of the General Court of 10 November 2021 -- Solar Electric and Others v Commission (State aid -- Market for electricity produced from renewable energy ...

When 50% areas of roofs in the whole urban areas in Sydney are covered by PV solar panels, the cooling penalty is significant. We estimated that the total cooling penalty by covering 50% area of roofs by PV solar panels can range between 1.1 and 3.4 kWh/m² (4-13%) in 17 different types of buildings in Sydney. Also, the overall ...

2 On 4 June 2013, the European Commission adopted Regulation (EU) No 513/2013 imposing a provisional anti-dumping duty on imports of crystalline silicon ...

2 On 4 June 2013, the European Commission adopted Regulation (EU) No 513/2013 imposing a provisional anti-dumping duty on imports of crystalline silicon photovoltaic modules and key components (i.e. cells and wafers) originating in or consigned from the People's Republic of China and amending Regulation (EU) No 182/2013, making these imports ori...

While application of photovoltaic (PV) solar panels as an energy harvesting system becomes more popular, there are significant urban microclimate and energy penalties ...

Understanding and evaluating the implications of photovoltaic solar panels (PVSPs) deployment on urban settings, as well as the pessimistic effects of densely populated areas on PVSPs efficiency, is ...

Why are solar tariffs changing? Over the next five years and beyond, we expect the number and size of solar systems located in our network to continue to grow. As more residential and small business customers invest in their own energy ...

Cost control was a major reason for Sign & Lines to choose for a roof mounted solar energy system. Read case study. 64. WA Glasskote. Country: Landsdale, Australia Solar PV: REC Solar Size: 40 kW Estimated annual savings: AUD\$10 200. WA Glasskote generates 12% of its energy consumption with their solar energy system. Read case study. 65. Dobbie

In this motion, Spain claimed that the Court should prohibit AES Solar Energy Coöperatief U.A., having its registered office in Amsterdam (hereafter: AES), Ampere Equity Fund B.V., having its registered office at Schiphol Airport (hereafter: AEF) and BRI, on pain of ...

Understanding and evaluating the implications of photovoltaic solar panels (PVSPs) deployment on urban settings, as well as the pessimistic effects of densely populated ...

>Subject matter of the dispute: Legal reforms affecting the renewable energy sector >Amount claimed: EUR 1.16 billion >Amount awarded: EUR 91.1 million >Valuation method: income ...

Case T-678/20: Judgment of the General Court of 10 November 2021 -- Solar Electric and Others v Commission (State aid -- Market for electricity produced from renewable energy sources, including photovoltaic energy -- Obligation under French law to purchase electricity at a price higher than the market price -- Rejection of a complaint ...

While application of photovoltaic (PV) solar panels as an energy harvesting system becomes more popular, there are significant urban microclimate and energy penalties associated with their large-scale applications. This study evaluated the impact of PV solar panels on urban temperature and corresponding cooling load penalties in 17 ...

In this motion, Spain claimed that the Court should prohibit AES Solar Energy Co.öperatief U.A., having its registered office in Amsterdam (hereafter: AES), Ampere Equity Fund B.V., having its registered office at Schiphol Airport (hereafter: AEF) and BRI, on pain of forfeiting penalty sums, from requesting an anti-suit injunction ...

While application of photovoltaic (PV) solar panels as an energy harvesting system becomes more popular, there are significant urban microclimate and energy penalties associated with ...

Trouble mounted for Gautam Adani after US prosecutors indicted the Adani Group chairperson, his nephew Sagar Adani and six others for allegedly paying Rs 2,029 crore (USD 265 million) in bribes to Indian government officials for securing solar power contracts with state electricity distribution companies. The bribes were allegedly paid between 2020 and 2024.
