

The 100-watt Retreat Solar kit is our most efficient solar charging kit available and is ideal for rooftops where space is limited. The Go Power! Retreat Solar Kit features 100 watts and 5.43 amps of charge power. For extended or full-time traveling, see our Overlander Solar Kit or an AC power system like the Solar Elite.

Seamlessly switch from solar to shore power charging, and use the PowerShare feature to help start large loads. Each PowerBoard(TM) has been pre-wired and tested to work "out of the box", with minimal connections. Connect the battery on one end, solar and shore charging on the other. Fully fused with properly sized wires to optimize the power system.

This board is meant to be everything you need to power your 3.3V electronics: simply connect a 500mAh or larger battery to the JST PH 2-pin port, then charge it when you can from USB or DC/solar. At the other end is a terminal block which will provide the power-path-load output from the bq25185 which will range from 3.0V (battery near-dead) to ...

I now have 3 solar routers running with RAK 19007 and 5W/5W Solar Panel direkt to the wisblock Charging Plug. The first one has been running for 3 months now and has never fallen below 3.65V (1x3200mAh 18650) and the 2 newer ones for about 1 month (2x3200mAh 18650) have never fallen below 3.9V and also charge on a sunny day times up to ...

RV SOLAR KITS & MOBILE POWER. Unplug and go-off grid. Charge your batteries anywhere the sun is shining with Go Power! solar kits. WHY SOLAR? Freedom to explore remote, off-grid locations. Quiet alternative to generators. Savings extends battery life by 50%. Backup power for parking lots or emergencies. Renewable and safe power source. Learn How Solar Works. ...

Solar power banks and portable phone chargers, with or without Solar backup, all also recharge on mains/PC/Car USB. Capacity ranges from 2 to 50+ stored phone charges before recharge or with added Solar indefinite ongoing off-grid power. Assume a phone needs 2.5Ah and a Tablet 5Ah +. NB: An old Nokia had a 1Ah battery, which lasted for a week.
