OUTDOOR YEAR-ROUND AVAILABILITY: Made of UV-resistant materials for year-round outdoor decorations, the Outdoor Christmas Eave Lights feature an IP67 waterproof rating and an IP67 control box with a life expectancy of up to 50,000 hours of operation in weather conditions ranging from -4°F to 140°F (-20°C to 60°C).

Outdoor lights under eaves can be powered by electricity or solar energy. While electric-powered lights offer consistent brightness, solar-powered ones are more energy-efficient and environmentally friendly. Consider which option would work best for you based on the location of your home and amount of sunlight it receives.

My power supply is currently resting on a ledge just under my eaves. The control box which had sticky tape is mounted on the eaves like the lights. Hopefully soon I'll call my electrician to come out in an outlet somewhere. I would prefer up on the eaves so I can do Christmas lights but maybe get one in the attic to keep the power supply in ...
