

The company that won the bid for the Kenyan energy storage project

Who is implementing a battery energy storage system in Kenya?

Nairobi, Friday, November 24, 2023: Kenya Electricity Generating Company PLC (KenGen), has been earmarked as the Implementing Agency for the Battery Energy Storage System (BESS) as part of the Kenya Green and Resilient Expansion of Energy (GREEN) program, funded by the World Bank.

Will KenGen implement a 100MW Bess project in 2024?

KenGen has announced that it will implement an initial 100MW BESS project as part of the World Bank funded GREEN program in early 2024. The BESS project has been identified as a possible solution to increased proportion of intermittent energy to the Kenyan power system and energy curtailment during off peak hours.

Why is Kenya partnering with the World Bank for a Bess project?

"KenGen, in collaboration with the Government of Kenya and the World Bank, is committed to the successful execution of the BESS project. This endeavor represents a pivotal step towards achieving a more resilient and sustainable energy future for Kenya," said Eng. Njenga. Ends

Who is KenGen power generation company?

Kenya Electricity Generating Company PLC, KenGen is the leading electric power generation company in Kenya, producing about 75 percent of electricity capacity installed in the country. The company utilizes various sources to generate electricity ranging from hydro, geothermal, thermal and wind

What makes KenGen plc a sustainable company?

friendly and sustainable manner while creating value for its stakeholders. Today, KenGen PLC has an installed generation capacity of 1,904MW, of which over 86% is drawn from green sources namely: Hydro (826MW), Geothermal (799MW), Wind (25.5MW). The balance is from Thermal.

How many MW does KenGen plc generate?

Today, KenGen PLC has an installed generation capacity of 1,904MW, of which over 86% is drawn from green sources namely: Hydro (826MW), Geothermal (799MW), Wind (25.5MW). The balance is from Thermal. For media queries please contact:

The Red Sea New City energy storage project is one of the key highlights of the Vision 2030 blueprint by Saudi Arabia, which aims to reduce the country's dependence on oil, diversify its economy ...

The Kenya Electricity Generating Company PLC (KenGen), has been designated to be the Implementing Agency for the Kenyan Battery Energy Storage System (BESS), which is part of the Kenya Green and Resilient Expansion of Energy (GREEN) program, funded by the World Bank. KenGen is the leading electric
