

DTEK Group, a private investor in Ukraine's energy sector, has announced a EUR140m investment plan to construct a series of battery energy storage systems (BESS) in the country with a combined capacity of 200MW. The new project aims to strengthen Ukraine's energy security and support the transition to a greener energy system.

August 25, 2022: Ukraine is in talks aimed at expanding the use of battery storage systems to support electricity exports and earn revenue to support the war-torn nation, the head of the country's DTEK energy group revealed on August 18.

Morrow Batteries has agreed on a Memorandum of understanding with the State Agency on Energy Efficiency and Energy Saving of Ukraine (SAEE) regarding possible supply with LFP battery cells for battery energy storage systems (BESS) to ...

The first pilot deployment of a large-scale electrochemical energy storage system (ESS) has been completed in the Ukraine, less than a year after system supply contracts were signed.

On May 21st, DTEK has officially launched Ukraine's first industrial lithium-ion energy storage system, installed at the Zaporizhzhya Power Plant in the city of Enerгодар, with a capacity of 1 MW/2.25 MWh. The battery will store and ...

The first pilot deployment of a large-scale electrochemical energy storage system (ESS) has been completed in the Ukraine, less than a year after system supply ...

In recent years, lithium-sulfur batteries (LSBs) are considered as one of the most promising new generation energies with the advantages of high theoretical specific capacity of sulfur (1675 mAh#g-1), abundant sulfur resources, and environmental friendliness storage technologies, and they are receiving wide attention from the industry. However, the problems ...

As part of the Biden-Harris Administration's Investing in America agenda, the U.S. Department of Energy today announced a \$1.3 billion direct loan (\$1.2 billion of principal and \$139.3 million of capitalized interest) to ENTEK Lithium Separators LLC (ENTEK). The loan will substantially finance a new facility in Terre Haute, Indiana to manufacture lithium-ion battery ...

Investor DTEK will build 200MW of battery energy storage systems (BESS) in Ukraine as the country enters its third winter of war with Russia, with continued attacks on its ...

CAMBRIDGE, Mass. - January 08, 2024 - Today, 24M unveiled a transformative new battery separator --

24M Impervio(TM) -- that promises to redefine battery safety for electric vehicle (EV), energy storage systems (ESS) and consumer applications. This proprietary technology enables unprecedented safety advancements for lithium-ion and lithium-metal batteries that will ...

This roadmap from the IEA, Empowering Ukraine through a Decentralised Energy System, outlines a pathway to rebuild and modernise Ukraine's power sector amid ...

On May 21st, DTEK has officially launched Ukraine's first industrial lithium-ion energy storage system, installed at the Zaporizhzhya Power Plant in the city of Energodar, with a capacity of 1 MW/2.25 MWh. The battery will store and dispatch electricity to the grid, as well as maintain the functioning of Ukraine's power system.

ULC aims to develop a 50 GWh Gigafactory to produce scalable modular battery cells through a phased development approach to use strategies based on deep partnership, including licensing of innovative next-generation technologies. Innovations are a core pillar in battery cell manufacturing, along with the R& D of high-performance lithium-ion cells.

Green New Energy Materials Inc. was founded in 2023 as a leading manufacturer of comprehensive battery separator products for North America lithium-ion battery industry, specializing in the R& D ...

DTEK Group, a private investor in Ukraine's energy sector, has announced a EUR140m investment plan to construct a series of battery energy storage systems (BESS) in the ...

Investor DTEK will build 200MW of battery energy storage systems (BESS) in Ukraine as the country enters its third winter of war with Russia, with continued attacks on its electricity infrastructure looming.
