Not to mention, Indian Rupee notes of 50 and 100 are easily accepted in Nepal. Almost all the markets are open all days, 9:00 AM to 8:00 PM. Here's a list of things you should buy and where to buy them so that you can pick your favorite souvenirs easily and take them with you as your tangible Nepal memories. So, here we go:

Electronic components such as resistors, capacitors, inductors, semiconductor ICs, and relays are essential to modern technology. With these, you can create any system or model for your project. At RoboNepal, we proudly offer top ...

Almost all of the capacitors that I buy are rated for 450 volts. A few capacitors may require a higher voltage rating, such as 500 or 600 volts. Don't waste money buying capacitors with voltage ratings vastly higher than the originals. Your radio will not work any better with 1000-volt capacitors than with 450-volt units. Capacitance value indicates how big an electrical charge ...
