

Where to repair lead-acid batteries cheaply in Belize

The TCO of lead acid is too high for them to make money. Grid tie will always use the most economical battery because they don't have to worry about size or weight or temperature or vibration. Li-ion continues to get cheaper and the tech continues to advance. Lead acid's price has been flat and the tech stagnant. Its days are numbered. (Though ...

Many big-name retailers accept small sealed lead acid batteries for recycling -- usually up to 11 pounds and 300 watt hours.. Here's how to do it: 1. Go to Call2Recycle. It's a national battery recycling program that has a lot of drop-off locations across the country -- including Lowes, Staples, and Home Depot stores.

When it comes to retirement, there's no one-size-fits-all plan. The cost of moving to and living in Belize depends on the person and their lifestyle.
